## **Tri-County Umpires Game Rescheduling Policy**

The following information is the proper procedure for rescheduling games by leagues during the season and post season. It is unfortunate to have a game uncovered, or to have to scramble at the last minute to make sure games are covered, therefore the following procedure should greatly improve the method of rescheduling and, also end confusion on whether a game that has been rescheduled is in fact covered.

- **Reasons**

1. Inclement Weather
2. Unforeseen Event
3. Last minute game cancellation
4. Time changes

- **Proper procedures for Rescheduling**

1. Use **610-543-3969** number & e-mail (**Do not use home number, or cell**)
2. Give information if game is new, replacing another date, etc....
3. Provide specifics: **Date, Time, Age Bracket, One or Two umpires, and Field.** Lastly name and phone number of persons making the call.
4. We will only call you back if there is a problem with your request
5. If rescheduling more than one game send them using the procedure below.

Please use an Excel format when scheduling or rescheduling games. Please note that last minute changes create a massive amount of umpire changes. There are days when no one will be happy as there are limits to the number of umpires available. Remember when you reschedule games to an active date that assignments have already been given to umpires, the reschedule doesn't mean that we can just pull an unused umpire out of the closet, all of the officials are usually already working games.

**We will try under all circumstances to accommodate; however, if an umpire can not be supplied by TRICOUNTY UMPIRES please make other arrangements. We will give you enough time to make a decision.**

*In a pinch, you may have to supply a volunteer umpire.*

Thanks for your cooperation

**Tri-County Umpires**
